THE KRIZNER GROUP is a full service law firm that concentrates its practice in assisting organizations both before and after disputes arise. The Firm's preventative services division aids clients in implementing policies and procedures that will help avoid costly lawsuits and other organizational problems before they occur.

Welcome - The Krizner Group

Biology is the natural science that studies life and living organisms, including their physical structure, chemical processes, molecular interactions, physiological mechanisms, development and evolution. Despite the complexity of the science, there are certain unifying concepts that consolidate it into a single, coherent field.

Positive feedback is a process that occurs in a feedback loop in which the effects of a small disturbance on a system include an increase in the magnitude of the perturbation. That is, A produces more of B which in turn produces more of A. In contrast, a system in which the results of a change act to reduce or counteract it has negative feedback.
